#### **Homeowner Rehabilitation Process Overview**

Read each item below. If you have questions, please contact the program administrator. Read and sign below.

- 1. Homeowner submits an application along with all documents required for processing. Application will not be processed until all of the required documentation has been submitted to the program administrator.
- 2. Administrator determines if the homeowner is income eligible. Verification of all income and assets will be completed via third party or check stubs and statements and income taxes. Income includes gross income plus interest or earnings from any type of asset such as savings, checking, investment accounts, bonds, other property, etc.
- 3. Administrator determines if the property is eligible. The administrator will take into consideration the following items:
  - How much equity you have in your property by looking at how much you owe on the property compared to the estimated fair market value that is listed on the property tax statement.
  - Mortgage balance(s) and whether you are current in making payments.
  - Confirm that property taxes are paid. All applicants with delinquent property taxes must satisfy that debt before any loan is approved. Emergency loans may be an exception.
  - The applicant is responsible for clearing any liens, judgments, title ownerships or payment of taxes in order to proceed.
  - Properties must be owner occupied and must be the owner's principal place of residence.
  - If there is a land contract, the land contract holder must sign the loan. The land contract must be legally binding and properly recorded.
  - If the occupant has a life estate, all owner(s) of the property must sign the loan.
- 4. Administrator will request a title search on the property. A title search will confirm ownership and reveal debts against the property. When the title search reveals unusual information, a legal opinion of ownership or financial obligation is requested of legal counsel.
- 5. Inspection and specification preparation. The inspector meets with the homeowner to inspect the property and determine the eligible rehab. The program requires that repairs that affect the occupant's health and safety must be addressed and all code violations will be given top priority. Other types of repairs cannot be completed unless all health and safety repairs are also addressed. No cosmetic work or new construction is permitted unless the new construction is for overcrowding or handicap accessibility. No work may begin on the project until the mortgage has been signed and recorded and the contract(s) between the homeowner and contractor have been signed. Funds cannot be used to reimburse for work that has already been completed.
- 6. If the project includes lead-based paint work, soil testing for a septic system, asbestos or mold remediation, additional inspections will be required. These items may require special testing procedures in order to complete the inspection process. These tests will be conducted by a company that is specialized and certified in that area of work.
- 7. Homeowner to obtain bids for the rehab work. Homeowners are expected to obtain three bids for each area of work. All bids must be mailed, delivered in person, emailed or faxed to the grant administrator.
- 8. Review of bids and loan approval.
  - Bids reviewed and contractors selected. The homeowner reviews the bids with the program administrator. The homeowner may choose the lowest, responsible and reasonable bid or a bid that is within 10% of the lowest, reasonable and responsible bid. The homeowner may select any contractor he or she chooses, but if he/she does not want to choose the contractor with the lowest bid or the bid within 10% of the lowest bid, the homeowner must escrow the difference at the time the loan is closed.
  - Loan Approval. The administrator will take into consideration the overall condition of your property compared to the estimated fair market value. There must be sufficient equity in the home to cover the existing liens and the home repair loan. If the bids for all the work would have a negative equity effect or exceed 120% of the after rehab value, then some of the repairs may be eliminated from the scope of work. The repairs will be prioritized according to the code violations and health and safety repairs. Those repairs must be completed before the other work will be approved. The administrator will estimate the increase in market value (no more than 30% of the repair costs) as a result of the home repairs and take this into consideration when calculating equity.

Applicants who disagree with the administrator's calculations for determining equity may appeal the decision by providing a market analysis by a licensed Real Estate Agent or an appraisal by a licensed appraiser. These documents must be no more than six months old and should take into consideration the repairs being considered.

#### 9. Loan closing.

- Lending documents will be executed. Mortgages and promissory notes are recorded with the local county Register of Deeds. Loans are deferred with no interest or payment until you no longer own or occupy the property as your primary place of residence. The mortgage information is forwarded to the homeowner's insurance carrier and a certificate of insurance is kept on file. Participants must keep their property insured as long as they have the home repair mortgage.
- Contract(s) signed. The homeowner enters into a written contract(s). Contractors are given 4 6 months to complete the work. Sometimes the timeline is extended if the work cannot be done within 4 6 months due to weather restrictions. A good example might be the replacement of a septic system. The contract is between the homeowner and the contractor, not the Grantee or program administrator. The homeowner is ultimately responsible for supervising and monitoring the contractors and the quality of their work.
- 10. Payments and inspection of completed work. Payment request forms and lien waivers will be submitted to the program administrator by the contractor(s) signifying part or all of the work completed. The inspector will schedule an appointment with the homeowner to determine if the work has been completed satisfactorily. In lieu of an in person inspection, pictures of the completed work can be submitted. The homeowner will be asked to sign a payment request signifying their acceptance of the work and approving the amount to be paid to the contractor. Approved payments will be made directly to the contactor.
- 11. Project completion. The homeowner will receive a letter of completion once the project is complete. A closeout letter will be sent when the rehab is complete. Applicants will be reminded that they must carry homeowner's insurance and that their property taxes must be kept current. Periodic examinations are made on all loans to verify insurance coverage and tax payments. Notices are sent to homeowners when violations in the terms of the mortgage are discovered.
- 12. Loan repayment. The loan is due in full when the homeowner no longer owns or occupies the property. One spousal transfer will be allowed at continued terms. If property transfers to heirs, repayment is not required if: (a) the heir is within current Program Income limits, and (b) resides in the mortgaged dwelling as his or her principal residence.
- 13. Loan default. When a homeowner has been found to be in violation of the terms of the mortgage, a notice is sent with procedures for remedy. All attempts are made to resolve the situation with the homeowner. Remedy of the violation or repayment of the loan is the preferred way to settle and all reasonable ways that still meet the requirements set forth by the State are considered. When a reasonable solution cannot be reached with the homeowner, advice is sought with the legal counsel and the loan committee.
- 14. Subordinations. When a homeowner wishes to refinance a superior mortgage and does not intend to pay off the CDBG mortgage, their refinancing lender will most likely require that the CDBG mortgage subordinate or allow the refinancing lender to be in a superior position to the CDBG mortgage. It is important to tell the lender about the CDBG mortgage when you apply for a refinance loan. The CDBG loans to not automatically subordinate and you will be required to submit a request for subordination.
- 15. Grievance Procedure. All applicants or participants have the right to file an appeal / grievance when there is a disagreement or dissatisfaction with a decision by our agency. The appeal process is initiated by filing a written letter regarding the grievance within fifteen (15) business days of the service decision. A copy of the grievance procedure has been provided in this application.

By signing below, you are agreeing that you have read and understand these terms.	Please keep a copy of these terms for
your records.
